The Families of the German Reformed Church, Warner Twp. Clark Co., WI

The information about the families of this church were supplied by the families and compiled by those members. The approximate time frame is the early to mid 1900's. In most cases, the father's name is listed, followed by his parent's names and then the mother's name, followed by her parent's names. To provide some history, about the family, there may be a link available that will give information about the parent's history as well as a link for the father and mother of the family. If there is other information gathered it will be from census reports and links from the website: <http://www.wiclarkcountyhistory.org/>.

If you are searching family history and find a relative (ancestor) on this site, your contributions to add to the history would be appreciated.
